#### “Competition Open To The World”

Judging: Friday, October 10, 12:00 noon  
See Page 35 for Entry Fee Information.

**BLOOD TYPING FOR PARENTAGE VERIFICATION.** Under the Association Rules each animal for which entry application (registration) is received, may be subject to a blood type test to verify both **ACCURACY OF PARENTAGE AND BLOOD TYPE** as covered under Association Rules Part 3, Section II, Rule 2(F). Staff on the American Angus Association must supervise the collection of blood samples. Animals are often sampled at shows, fairs or events where the American Angus Association contributes premiums or where Association personnel participate.

If a recorded parent is excluded (as a parent) as a result of blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal's eligibility in the Angus Herdbook, and the registration certificate becomes null and void.
